Stakeholder Provides year-to-date (YTD) Operating Results

Toronto, Ontario – October 20, 2025 – Stakeholder Gold Corporation (“Stakeholder” or the “Company”) (TSX-V: SRC, OTC: SKHRF, WKN: A2QEP1) is pleased to report its operational and financial results for the first three quarters of 2025, highlighted by an increase in both sales volume and revenue over the same period in 2024.

For the nine months ending September 30th, 2025, Stakeholder recorded revenue of CAD \$1,327,459, representing an increase of CAD \$831,484 or approximately ~168% over the same period reported in 2024 (Q1-Q3, 2024 reported revenue was CAD \$495,975).

The Company sold a total of 545 cubic meters of its exotic blue quartzite in the first 9 months of 2025, compared with 268 cubic meters sold during the same period in 2024. This reflects a 103% year-over-year increase in sales volume for the Company’s exotic blue quartzite product.

“These results demonstrate steady demand for our exotic blue stone product,” stated Christopher Berlet, CEO and Director of Stakeholder Gold Corp.

“We view these results as confirmation of a sustainable market demand. We expect this performance to now be complemented by sales growth in our new white quartzite product. Ongoing efforts to improve production efficiency and market reach have translated into a marked increase in revenue, and we look forward to building on this further in 2026.”

The Company maintains a focus on operational performance and profitability in the exotic stone business, while also advancing high-impact exploration initiatives in the White Gold District of the Yukon Territory, Canada.

Forward Looking Information

This news release contains forward-looking information. All information, other than information of historical fact, constitute “forward-looking statements” and includes any information that addresses activities, events or developments that the Corporation believes, expects or anticipates will or may occur in the future including the Corporation’s strategy, plans or future financial or operating performance.

When used in this news release, the words “estimate”, “project”, “anticipate”, “expect”, “intend”, “believe”,

“hope”, “may” and similar expressions, as well as “will”, “shall” and other indications of future tense, are intended to identify forward-looking information. The forward-looking information is based on current expectations and applies only as of the date on which they were made. The factors that could cause actual results to differ materially from those indicated in such forward-looking information include, but are not limited to, the ability of the Corporation to fund the exploration expenditures required under the Agreement. Other factors such as uncertainties regarding government regulations could also affect the results. Other risks may be set out in the Corporation’s annual financial statements, MD&A and other publicly filed documents.

The Corporation cautions that there can be no assurance that forward-looking information will prove to be accurate, as actual results and future events could differ materially from those anticipated in such information. Accordingly, investors should not place undue reliance on forward-looking information. Except as required by law, the Corporation does not assume any obligation to release publicly any revisions to forward-looking information contained in this press release to reflect events or circumstances after the date hereof.
